VERSATILITY RANCH HORSE

Purpose: The purpose of the Versatility classes is to recognize the horse that is an all-around athlete.

- **All horses aged 3 and over are eligible to compete in Versatility Ranch Horse & Cow Working classes. The horse must be entered in the classes prior to working its first class.**

The following classes are required and counted for Versatility Ranch Horse:

Box Drive Box	Ranch Conformation	
Ranch Riding	Ranch Cutting	Ranch Trail

VERSATILITY CLASS POINTS

Versatility points are calculated for both Year End Awards, and a per-show Payout. Versatility payout is 1 place-\$60.00 2 place-\$40.00 (must be 5 people competing for Versatility points at a show in order for a payout).

Versatility points are earned for classes in which 3 or more horses are entered as follows:

Versatility class points are independent of individual class points and independent of how horses not entered in Versatility place. For example, in a class with 6 entries a horse not competing for Versatility wins the class and a horse that is competing for Versatility wins second. The Versatility score for first place horse would be 0 and the horse competing in Versatility who placed second would score 3 if there were 3 horses in the class participating in Versatility.

VERSATILITY TABULATON

Versatility points will be tallied, and horses will be placed from 1st to 6th from highest to lowest total points earned for that show (see ties below).

A total number of horses completing their Versatility requirements are the determining number for computing OFQHA Versatility Horse points. These points are to be computed the same as for other classes.

No class with less than 3 entries shall accumulate Versatility points. A class with 3 entries will be accepted as fulfilling the horse's requirement to compete in that class.

Only horses entered in Versatility that compete in all their qualifying Versatility classes will be counted when tabulating Versatility points.

In an event a horse is unable to complete the required classes for Versatility for any reason, none of its Versatility points will be counted in the tabulation process and all other horses shall move up according to their class points.

To accrue Versatility points, exhibitor must show one handed with split or romel reins in a shank/curb bit. Horses 6 yrs old and under (as of Jan 1) are permitted to be ridden in a snaffle or bosal with two hands. Once shown in a curb/shank bit you must complete the rest of the year that way. You cannot go back to a snaffle/bosal.

In the event of a tie, the horse placing highest in Working Ranch Horse will be awarded first place.

Open Versatility Ranch Horse: Must show in all 5 classes: (Ranch Cutting, Ranch Riding, Box Drive Box, Ranch Conformation, and Ranch Trail.) Show at least 3 shows and must be 3 horses in the class to accrue points. Horse of any breed with the most Versatility points shown by a member (adult or youth). Points follow horse/rider combination.

ROOKIE RIDER CLASS

Rookie Rider: Must show in all 4 classes: (Green Boxing, W/T Ranch Riding (Rail), Open W/T Ranchmanship, and Open W/T Ranch Trail). Show at least 3 shows and must be 3 horses in the class to accrue points. This award is limited to riders who have not received a Champion award in any riding class. Previous winners of this award are also ineligible. Points follow one horse/rider combination. The Champion will receive an award.

PATTERN CLASSES

Patterns will be chosen by the membership in a random draw prior to the start of the show year from the OFQHA Pattern Book and are available at www.ohfgha.com. Selected patterns for each show will be posted at the show office on Friday afternoon. All patterns for the entire show season will be posted on the website and Facebook by show date.

SECTION 3: SHOW CLASSES

CUTTING (Herd Work)/GREEN CUTTING/YOUTH CUTTING

All riders in the arena shall comply with rules on dress, equipment, and conduct and be limited to bona-fide contestants or their helpers.

This class is judged on the ability of the horse to work a cow by separating it from the herd, driving it to the middle of the arena, and holding it to determine the horse's ability to work the cow. A single cow is cut from the herd, and the horse must demonstrate its ability to work the cow.

1. **Settling the herd is permissible by anyone but the first entry of the class.**
2. The number of cattle to cut in the two and one-half (2 1/2) minute time limit is not over three (3) head of cattle and not less than (2) two. If a cutter can do as much on two head as he can do on three, the cutter working two head should have the higher score because he has not spent as much time in the herd.
3. When approaching the herd, a horse should never be set down hard. Walking or trotting to the herd is acceptable, provided the horse is taken up very easily before getting close enough to disturb the cattle. The horse should not display hesitation, weaving or reluctance to approach and enter the herd.
4. When entering the herd, the cutting horse should enter with ease, concentrating on the job to be done; not looking over the back of the fence or biting; he should be alert, but quiet, making no unnecessary movements that might disturb the cattle. The horse should enter the herd deep enough to show his ability to get one out. A rider may enter the middle of the herd from either side and go to the middle or back side and get the one they want. A rider may also go behind the herd and bring one out.
5. Objective will be to cut one cow from the herd and work the cow with the assistance of two turn back riders and two herd holders. Show management may supply two herd holders and two turn back riders, or exhibitor may supply their own helpers. If an exhibitor is a herd holder or turn back rider, he or she may use the horse that they are competing on or use a different horse.
6. Cattle to be located at one end of the arena.
7. Time should not start until contestant crosses a pre-determined and marked timeline.
8. Credit will be given to those horses who demonstrate excellence in their herd work, driving and setting up the cow to cut, working in the center of the arena and degree of difficulty of the cow drawn within the 2 1/2 minutes. Horses will not be penalized for reining during the cutting portion but should display natural ability.
9. There will be no penalty assessed for cattle leaving the herd so long as it is not caused by the exhibitor's horse.
10. An exhibitor may quit a cow when it is obviously stopped, obviously turns away or is obviously behind the turn back horses and the turn back horses are behind the line.

Penalties

1 Point Penalty

- a) Losing working advantage
- b) Noise directed to cattle
- c) Toe, foot or stirrup on the shoulder of horse
- d) Working out of position

3 Point Penalty

- a) Hot quit
- b) Cattle picked up or scattered
- c) Spur in shoulder
- d) Pawing or biting the cattle
- e) Failure to make a deep cut

0 Score

- a) Illegal equipment
- b) Excessive disturbance of the herd to the point that the exhibitor is asked to leave arena.
- c) Horse turns tail to cattle or falls to ground during any portion of the run.
- d) Two hands on reins while working cow (Non-Youth). Picking up and adjusting tangled reins away from a cut will not be penalty or DQ.

SCORING: 100 percent will be judged by the horse's performance and natural ability. If time and number of cattle permit, the judge may, at his/her discretion, award new cattle, to enable contestant to show his horse's ability on the cow.

RANCH CUTTING (cut & pen)/ GREEN RANCH CUTTING

This class is designed to show a horse's ability to separate a cow from the herd, hold that cow away from the herd, then drive that cow away from herd and to pen it. This class is to be judged on the horse's natural cow ability, agility and willingness to respond softly to the rider's cues to help rein horse into position to hold cow from herd, on the way to pen and to pen cow. Horse should display softness of handle and quietness in herd. Horse and Rider should work as a team, seeming effortless to work together.

1. **Settling the herd is permissible by anyone but the first entry of the class.**
2. There is a two and one half (2 1/2) minute time limit and a (1) cow limit.
3. Time will begin when a rider crosses a timeline just prior to entering the herd (minimum of 10 head). The rider will then quietly separate one cow from the herd and work the cow, with the exhibitor and horse showing their ability to keep the cow from the herd. Upon working completion, the cow shall be driven to the opposite end of arena and penned.
4. A whistle will be blown at the one-minute point to let exhibitor know that one- and one-half minutes remain to complete a run. A contestant will be disqualified if he fails to pen the cow at the end of 2 1/2 minutes.
5. Contestant may have up to four helpers during the cutting portion two turn back riders and two herd holders. The helpers may not assist the contestant in penning the cow. All turn back riders and herd holders must have proper western attire. Failure to do so will result in disqualification of entry.
6. The pen shall be placed on the side of the arena two-thirds of the way down the arena from the herd. Cow is not considered penned until the horse enters the wing area of the pen and whistle is blown. Show management may use either a 10' or 20' wing when constructing the pen.
7. Horse will not be penalized for reining during the cutting portion but should respond softly to rider's cues, showing willingness to exhibitor's directions as well as to display horse's natural cow ability in controlling and driving the cow.

Whistles and/or Horns to be blown at:

- One-minute mark.
- Cow crosses back over timeline after attempting to pen
- Losing the cow back to herd.
- 2 1/2 minute at end of time
- Completion of run (judge's discretion)
- It is the exhibitor's responsibility to keep engaging the cow until judge's whistle is blown.

Penalties

1 Point Penalties:

- a) Loss of working advantage by more than 1 horse length
- b) Gaping mouth when reined
- c) Excessive spurring and cuing
- d) Working out of position

- e) Excessive help by turn back help beyond time/foul line (Judge's discretion)

Credits

Credit will be given to those horses who demonstrate excellence in their herd work, driving and setting up the cow to cut, working in the center of the arena, and degree of difficulty of the cow drawn, within 2 1/2 minutes. Horses will not be penalized for reining during the cutting portion, but should respond softly to rider's cues, showing willingness to exhibitor's directions as well as to display horse's natural cow ability in controlling and driving the cow.

- b) Degree of difficulty
- c) Time spent working *Driving and controlling cow.
- d) Softness and willingness of horse
- e) Natural cow ability
- f) Horse and Rider's ability to work together.

Scoring: 100 percent will be judged by the horse's performance and natural ability. If time and number of cattle permits, the judge may, at his discretion, award new cattle, to enable

the contestant to show his horse's ability on the cow, based on the following criteria: 1) the cow will not or cannot run. 2) the cow will not leave, end of arena. 3) the cow is blind or will not yield to the horse. 4) the cow leaves the arena.

YOUTH RANCH CUTTING

This class is designed to show a horse's ability to separate a cow from the herd, hold that cow away from the herd, then drive that cow away from herd and to pen it. This class is to be judged on the horse's natural cow ability, agility, and willingness to respond softly to the rider's cues to help rein horse into position to hold cow from herd, on the way to pen and to pen cow. Horse should display softness of handle and quietness in herd. Horse and Rider should work as a team, seeming effortless to work together.

1. **Settling the herd is permissible by anyone but the first entry of the class.**
2. There is a two and one half (2 1/2) minute time limit and a (1) cow limit.
3. Time will begin when a rider crosses a timeline just prior to entering the herd (minimum of 10 head). The rider will then quietly separate one cow from the herd and work the cow, with the exhibitor and horse showing their ability to keep the cow from the herd. Upon working completion, the cow shall be driven to the opposite end of arena and penned.
4. A whistle will be blown at the one-minute point to let exhibitor know that one- and one-half minutes remain to complete a run. A contestant will be disqualified if he fails to pen the cow at the end of 2 1/2 minutes.
5. **Contestant may have up to four (4) helpers during the cutting portion two (2) turn back riders and two (2) herd holders.** The helpers may not assist the contestant in penning the cow. All turn back riders and herd holders must have proper western attire. Failure to do so will result in disqualification of entry.
6. The pen shall be placed on the side of the arena two-thirds of the way down the arena from the herd. Cow is not considered penned until the horse enters the wing area of the pen and whistle is blown. Show management may use either a 10' or 20' wing when constructing the pen.
7. Horse will not be penalized for reining during the cutting portion but should respond softly to rider's cues, showing willingness to exhibitor's directions as well as to display horse's natural cow ability in controlling and driving the cow.

Whistles and/or Horns to be blown at:

- One-minute mark.
- Cow crosses back over timeline after attempting to pen.
- Losing the cow back to herd
- 2 1/2 minute at end of time
- Completion of run (judge's discretion)
- It is the exhibitor's responsibility to keep engaging the cow until judge's whistle is blown.

RANCH RIDING

RANCH RIDING Walk/Trot/Lope

A horse will be shown in a group and will show all three gaits-the walk, jog and lope. He will also be asked to reverse away from the rail, to stop and back. The judge may ask for an extended walk or jog. Extended jog may be ridden by sitting in the saddle, posting or standing in the stirrups. Rider has the option of holding the horn when standing in the stirrups. The class may be split at judge's discretion.

RANCH RIDING Walk/Trot

Purpose: Same as Ranch Riding except no lope will be required. The same horse/rider combination is not eligible to show in Ranch Riding (Lope). This may be a split class.

RANCH RIDING Modified

Purpose: Same as Ranch Riding except class will use half of the arena. Riders may ride assisted (lead line) or unassisted. Horses can be shown at a walk or jog at judge's discretion. Horses may be asked to stop and back also at the judge's discretion.

DESCRIPTION:

A superior ranch riding horse has a free-flowing stride of reasonable length in keeping with his conformation and covering a reasonable amount of ground with little effort. Ideally, he should have a balanced, flowing motion, while exhibiting correct gaits with proper cadence and rhythm. The quality of the movement and consistency of the gaits is a major consideration.

Exhibitor should not be penalized for picking up reins or moving horses' body if horse is soft, willing, and free of resistance but should receive credit. Horse should be credited for softness when picking up through transitions, departures, stops and back-ups. (This should not be confused with constant pulling and jerking around the arena as this shall be faulted according to severity).

A willing horse will not wring their tail or show blatant disobedience to the rider's cues or demands. The horse should drive off his hind quarters using it as a driving force for his body. The horse should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving the appearance of resistance.

He should have a bright expression with his ears alert; he should be mannerly without the appearance of a dull, sullen, lethargic, drawn, or overly tired attitude. He should be shown on a reasonably loose rein, but with light contact and control. He should be responsive, yet smooth, in transitions when called for. When asked to extend, he should move out with the same flowing motion.

Maximum credit should be given to the horse that has a flowing stride, is balanced and that gives the appearance of being willing, fit, alert and a pleasure to ride while possessing great athletic ability and agility.

- A. This class will be judged on the performance, athletic ability, condition, and conformation of the horse.
- B. Horses must work both ways of the ring at all three gaits to demonstrate their ability with different leads. At the option of the judge, horses may be asked to extend the walk and the jog, one or both ways of the ring. The extended jog is a definite two-beat lengthening of the stride, covering more ground. Cadence and balance with smoothness are more essential than speed. Passing is permissible and should not be penalized as long as the horse maintains a proper and even cadence and rhythm. Horses are required to back easily and stand quietly.
- C. Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or jog at the discretion of the judge but shall not be asked to reverse at the lope.
- D. Judge may ask for additional work of the same nature from any horse(s).
- E. Rider shall not be required to dismount except in the event the judge wishes to check equipment.
- F. Horses are to be shown at a walk, jog and a lope on a reasonably loose rein or light contact without undue restraint.
- G. Faults to be scored according to severity:
 - 1. Excessive speed (any gait)
 - 2. Being on the wrong lead
 - 3. Breaking gait (including not walking when called for)

4. Excessive slowness in any gait, loss of forward momentum (resulting in an animated and/or artificial gait at the lope).
5. Failure to take the appropriate gait when called for (during transitions, excessive delay will be penalized).
6. Head carriage too high or low (in keeping with horses' conformation).
7. Over flexing or straining neck in carriage so that the nose is behind the vertical.
8. Excessive nosing out.
9. Opening/gapping mouth excessively
10. Stumbling
11. Use of spur in front of the cinch.
12. If horse appears sullen, dull, lethargic, emaciated, drawn or overly tired.
13. Quick, choppy or pony-strided.
14. Overly canted at the lope (Horses which lope with haunches in towards the center of arena)
15. Excessive head bobbing.
16. Excessive wringing of the tail.
17. YOUTH; exhibitors may pick up on reins with 2nd hand, adjust and collect and return to riding 1 handed without DQ

H. Credits

1. Natural ground covering gaits.
2. Consistency at all gaits
3. Smooth upward and downward transitions
4. Work on reasonably loose rein without excessive cueing to maintain moderate pace.
5. Giving the appearance of being able to do a day's work.
6. Athletic ability/agile
7. Softness of horses' chin, poll, neck, shoulder, body, hip and being broke through the whole body.

GREEN/YOUTH REINING

*The rider can choose to perform either simple or flying lead changes. The rider may use either one (1) or two (2) hands at any time during the ride in any legal bit.

SCORING

The scoring will be on a basis of zero (0) to Infinity, with seventy (70) denoting an average performance. The individual maneuvers are scored in one-half (1/2) point increments from a low of -1 1/2 to high of +1 1/2 with a score of zero (0) denoting a maneuver that is correct with no degree of difficulty. Scores will be posted in score sheet binder after the class is complete.

The following will result in a score of zero (0).

- a) Failure to complete pattern as written
- b) Performing maneuvers other than in specified order
- c) The inclusion of maneuvers not specified, including, but not limited to:
Backing more than two strides, turning more than 90 degrees, on run in patterns, once beginning a canter a complete stop prior to reaching the first marker (Exception-a complete stop in the 1st quarter (1/4) of a circle after a canter is not to be considered an inclusion of maneuver; a two-point break of gait penalty will apply)
- d) Equipment failure that delays completion of the pattern
- e) Balking or refusal of command where performance is delayed.
- f) Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern.
- g) Jogging in excess of one-half (1/2) circle or one-half (1/2) the length of the arena
- h) Over spins of more than one-quarter (1/4) turn

- i) Fall to the ground by horse or rider.

- f) YOUTH; exhibitors may pick up on reins with 2nd hand, adjust and collect and return to riding 1 handed for a penalty without DQ

***Starting or performing circles or figure eights out of lead will be judged as follows:**

- a) Each time a horse is out of lead, a judge is required to penalize by one (1) point. The penalty for being out of lead is cumulative, and the judge will add one (1) penalty point for each one quarter (1/4) of the circumference of a circle or part thereof that a horse is out of lead.
- b) A judge is required to penalize a horse one-half (1/2) of a point for a delayed change of lead by one (1) stride where the lead change is required by the pattern description.
 - Deduct one-half (1/2) point for starting circle at a jog or exiting rollbacks at a jog up to two (2) strides. Jogging beyond two (2) strides but less than one half (1/2) circle or one-half (1/2) length of the arena, deduct two (2) points.

 - There will be a one-half (1/2) penalty for failure to remain a minimum of twenty (20) feet from the side of the arena when approaching a stop and/ or rollback.
 - Judge shall be the sole person responsible to determine if a rider has correctly completed the pattern as written.

RANCH REINING

This class denotes the ability of the ranch horse to be reined willfully through the maneuvers of the patterns. Contestant should not be penalized for reining their horse through the pattern in a reasonable manner. Stops should be hard and deep as if needed to stop and go in the other direction. Stop should be square and done without resistance (it should be at the judge's discretion on what he/she considers an excessive slide. Excessive

stops should be stops beyond ten (10) feet). Turnarounds should be those of a working horse. They should be correct and job efficient.

WORKING COW (box, fence, circle)

Cow Working is a scored event in which the horse and rider are to demonstrate cattle moving skills as they would apply in a ranch situation. There is a three (3) minute time limit with a warning given at one (1) minute. Time begins when the cow is turned into the arena. The rider may hold onto the saddle horn without penalty.

- **Boxing:** Working the cow on the end of the arena until such time as the exhibitor has proven the ability of the horse to hold the cow. The horse should exhibit superior cow sense and natural cow working ability without excessive reining and spurring. In the head-to-head working position, the degree of difficulty shall be considered.
- **Turning on the fence:** A good turn on the fence may be defined as when a cow, while being run down the fence on one side of the arena, is turned the other direction and held near the same fence while being run in a new direction. During the turn the horse should use himself in a controlled athletic manner, using his hocks to stop and drive out of the turn, while using his front end to balance and turn. The contestant must get at least one (1) turn in each direction. To be considered a turn, the exhibitor must be close enough to the cow to be the cause of the turn. The turn must be tight enough so as not to be considered just circling the fence. More than two (2) good turns in each direction should not result in extra credit but also should not be penalized, unless the cow is there by too exhausted to circle correctly. One (1) turn each way may not necessarily result in extra credit if the horse and/or the cow is out of control.
- **Circling:** After turning the cow on the fence, the rider should drive the cow off the fence and circle it once in each direction. The cow should be driven in a circle.

Scoring

The following characteristics of the horse are considered faults:

- 1) Exaggerated opening of mouth
- 2) Hard and heavy mouth
- 3) Nervous throwing of head
- 4) Lugging on bridle
- 5) Halting or hesitation while being shown, particularly when being run down, indicating anticipation of being set-up.
- 6) Losing a cow or being unable to finish a pattern because of a bad cow, the contestant should be penalized at the judge's discretion.

The characteristics of a good working cow horses are:

- 1) Good manners
- 2) Shifty, smooth and having its feet under it at all times, when stopping, hind feet should be well under the horse.
- 3) A soft mouth that is responsive to a light rein, especially when turning
- 4) Head maintained in its natural position.
- 5) Work at reasonable speed and still be under control of the rider.

- m) Any horse that runs over the cow thus causing the fall of horse and/or rider shall terminate the work at that time.
- n) Bloody mouth
- o) Illegal equipment

At the judge's discretion a re-run with a new cow may be given if the cow being worked leaves the arena, or is unworkable (will not or cannot run, won't leave the end of the arena, is blind or won't yield to the horse).

WORKING RANCH HORSE (rein, box, fence, rope or circle) (Breakaway Rope Required)

Reining portions will follow Ranch Reining rules.

Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion shall be based on the horse maintaining control of the cow, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring.

Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work will result in the exhibitor not being considered an entry in the class. In the cow work portion of the class the exhibitor will keep working until the judge blows the whistle to signify completion of work. If the exhibitor quits before the whistle is blown, the score shall be a zero (0) for the cow work portion. A horse going off pattern in the reined work and the cow work portion may be placed even if disqualified in one portion of the class (example: If a horse is disqualified and receives a zero (0) score for the reined work but scores a seventy (70) for the cow work, its total score would be Seventy (70) and the horse would be eligible for placing).

- a) The approved pattern will be used, and each exhibitor will cause his horse to travel at the gait indicated for each part of the pattern. When judging reined work, the judge should refer to the ranch reining portion of the rule book for guidelines.
- b) Cones and markers shall be set at the half point mark on the long side of the arena fence twenty (20) feet from each corner on the short and long sides of the arena fence, for a total of ten (10) cones or markers (two (2) on each side and two (2) per corner).
- c) When enough cows are available the contestant should receive a new cow if the cow drawn is unreasonably difficult or unworkable.

This class combines the reining ability, cow sense and roping ability of the horse and will be judged on horse's ability to do these. Each contestant will perform individually. First with the reining pattern and then releasing one cow into the arena.

1. Each exhibitor will be allowed a maximum of six (6) minutes to complete the class. There will be a two-minute warning. When the six (6) minute time limit has expired, the exhibitor will be excused from the arena.
2. The class will be judged in three parts. The reining, the cow work and the roping portion. At the end of the performance, the scores for the three (3) portions will be added together for the final score. Rules for the reining portion are defined in the Ranch Reining section of this rulebook. Rules for the cow working portion are defined in the Working Cow Horse (box, fence, circle) section of this rule book. The rules for the roping portion are defined in the Ranch Roping section of this rulebook.

The horse will be judged on three (3) maneuvers:

1. The ability to trail.
2. The ability to rate.
3. The ability to stop the cow.

A two (2) loop run will receive a penalty of three (3) points and a no catch run will receive a penalty of five (5) points. It is not necessary that the roper catch for the contestant to receive a score in the roping portion. However, if there is no catch, a five (5) point penalty must be subtracted from the roping score accumulated prior to the catch (if a horse trails and rates its cow but no catch is made, the horse will receive the score it has earned up to the point of the catch minus five (5) points).

During any portion of the class any blatant disobedience for a circumstance that are not listed will result in a five (5) point penalty. After the exhibitor has completed his reining pattern, he will call for the cow to be turned into the arena. Upon receiving the cow, contestant shall hold the cow on the prescribed end of the arena for sufficient time to demonstrate the ability of the horse to contain the cow on that end. After a reasonable

amount of time, the contestant shall take the cow down the fence, making at least one (1) turn each way on the fence.

A three (3) point penalty will be assessed for horse refusing to turn. The exhibitor must then rope the cow and bring it to a stop. There is to be no dragging. The exhibitor is only allowed two (2) throws. For the catch to be legal: the loop must hold in front of the shoulders. If the rope falls off the saddle during the class, it would be considered equipment failure thus resulting in a score of zero (0). Judge may blow the whistle at any time to terminate the cow work.

A score of zero (0), in the cow work segment, will be given if the work is not complete at that time. The exhibitor should then continue with the roping segment of the class.

For the entire class, reining, cow work and roping, an average score will be 210 points. If the contestant fails to attempt any part of the class, he or she will receive a zero (0) for the entire class.

Riders must dally and not have the rope tied onto the horn of the saddle.

RANCH BOXING (rein & box) and BOXING, GREEN BOXING AND YOUTH BOXING (no reining)

RANCH BOXING consists of a designated ranch reining pattern and a single cow work (boxing) on the end of the arena.

BOXING and GREEN BOXING consists of single cow work on the end of the arena.

When judging reined work in RANCH BOXING, the judge should refer to the **RANCH REINING** portion of the rule book for guidelines.

This class is designed to demonstrate and measure a horse's ability to do cow work. Holding the saddle horn is permitted during the boxing portion of this class.

The horse should be in complete control at all times. Show natural cow sense along with softness of face and body with rider's cues. Horse should stop using haunches. Turns should be quick and snappy. This class will be judged on run, rate, control, degree of difficulty and eye appeal.

The rider will enter the arena and perform the designated dry work pattern. There will be no schooling between the completion of the rein work and the cow work, or between cows if a new cow is awarded. After completing the pattern, the rider will face the cow end of the arena and call for a cow. Each exhibitor upon receiving a cow, shall hold that cow on the prescribed end of the arena for one (1) minute, demonstrating the ability of the horse and rider to control the cow. - Time shall begin when the gate closes behind the cow after being let into the arena. Timing will be done by the announcer or judge starting when the cow is turned into the arena. At one (1) minute, the announcer will call time. The judge may blow a whistle at any time for the contestant to cease work for safety reasons.

If blown out the contestant shall receive a no-score in the cow work but shall receive rein work score. Same shall apply in the rein work portion. If contestant receives a no-score in the rein work, he/ she shall be allowed to do the cow work and receive a score in that portion. Should the contestant receive a no- score in both the reined work and the cow work, he/she will be disqualified.

Scoring

Scoring will be based on 60-80 points, with 70 denoting an average performance. The same basis of scoring shall apply to both the rein work and boxing work. In the event of a tie, the entry with the highest cow work score will be declared the winner.

The judge may blow the whistle at any time to terminate work. A score of zero (0) will be given if the work is not completed at that time. Each work will be limited to one (1) minute, and judge may request additional work at his/her option.

There will be no schooling between the completion of the reined work and the cow work, or between cows if a new one is awarded. The penalty for this is a -0-.

BOX DRIVE BOX

The required pattern for the cow work is: box, drive, box, drive, in that order. There are four parts to the work: boxing the cow; setting up the cow and driving / rating it down the fence to the opposite end of the arena; and boxing it at the opposite end of the arena, and then driving / rating the cow past the middle marker again. The goal of this class is to introduce the rider to the “fence work” phase of the cow work.

Judging begins when the contestant enters the arena. There shall be no schooling between entering the arena and the completion the cow work, or between cows if a new cow is awarded. The penalty for this is -0-.

Box: At the start of the work, each contestant, upon receiving a cow in the arena, shall hold that cow on the prescribed end of the arena for a sufficient time to demonstrate the ability of the horse to contain the cow at that end. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence. Part Two - Drive: After a reasonable amount of time, the contestant shall set up and drive/rate the cow down the fence, opposite fence of the judges, to the opposite end of the arena. When coming out of corner, the horse shall be close enough to cow to demonstrate control with cow against the fence. This distance and control should be maintained for approximately $\frac{1}{2}$ to $\frac{3}{4}$ the length of arena. Upon reaching the opposite end of the arena, the rider will release the cow. Part Three – Box: Move horse toward center of arena to set the cow up for boxing. Again, box the cow for a sufficient time to demonstrate the ability of the horse to contain the cow at that end. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence. Part Four – Drive: After a reasonable amount of time, the contestant shall set up and drive/rate the cow down the fence, opposite fence of the judges, to the opposite end of the arena. When coming out of corner, the horse shall be close enough to cow to demonstrate control with cow against the fence. This distance and control should be maintained past the center marker and continue until the judge signifies the completion of the run or time expires. The rider will then release the cow.

Time Limit / Terminating the Work - Each contestant is allotted one minute and forty-five seconds to complete the four-part cow work pattern. The judge may blow his/her whistle once at any time during the work to terminate it. If at any time a judge feels that the contestant is out of control endangering themselves and/or their horse, the judge may terminate the work, and a score of zero will be given. Exhibitors are not required to use all the allotted time to complete the pattern. Time shall begin when the gate closes behind the cow after being let into the arena. When there are 30 seconds left, the announcer will announce, 30 seconds remaining and at one minute and forty-five seconds, the announcer will call for time. Judging ends when exhibitor drives the cow past the middle marker the second time, judge ends the run with a whistle/ horn or the allotted time ends, whichever occurs first.

RANCH ROPING and RANCH ROPING JACKPOT

Breakaway Ropes are required for all ROPING classes.

The intent of this class is to show the ability of the horse and rider skill of handling cattle as if they were doctoring injured or sick cattle. Cattle should be handled as calmly as possible. The judge should judge this class as if the cattle belonged to him/her. *Entry does not have to separate their cow from the herd and should not receive credit for separation from herd. When cow is separated from the herd there should be no excessive running or cutting of the cow. This is judged event with a ninety (90) second time limit.*

The rope must be thrown, and the contestant may throw only two loops. *Any attempt by exhibitor to trap, snare, or collar cow by holding onto the loop will be cause for disqualification.* A second rope may be used, but the total number of loops thrown may not exceed two (2). If a second rope is used it must be recoiled. The Honda on the rope used must be of breakaway design (factory plastic).

Horse and rider must start from behind a starting line which will be located 1/3 of the arena length away from where ten (10) calves are held as a herd.

Each contestant may have the option of a herd holder. The sole duty of the herd holder is to assist in holding the cattle at the working end of the arena, any assistance from the helper will result in disqualification of the contestant. The contestant must make a legal catch and dally up. A legal head catch is a loop that goes completely over the calf's head and Honda can be broken by any part of the calf's body but must go over the calf's head first. When calf breaks free from Honda, the judge will signal end of run.

After catching, it is desired for the horse to remain facing the cow until the Honda breaks. Turning away from the cow to make Honda break quicker will be a 5-point penalty.

RANCH CONFORMATION

The horse will be judged on type, conformation correctness, and athletic ability.

Ranch Horse Conformation is defined as the physical attributes necessary to perform under saddle. The ideal standard in evaluating horses in conformation should include but not be limited to soundness and correctness in conformation, particularly feet and legs with emphasis on correct manner of travel including athletic ability and the appearance of agility.

The horse should possess eye appeal with an attractive head: refined throatlatch: well-proportioned trim neck: long sloping shoulder: deep heart girth: short back: strong loin and coupling: long hip and croup. The horse should show balance and uniform muscling with enough athletic ability to perform different tasks on the ranch.

Horses are not penalized for scars or brands. All lame horses will be excused from the ring.

Rating conformation depends upon objective evaluation of the following five traits: Balance, structural correctness, breed, and sex characteristics, with emphasis on correct manner of travel, degree of muscling, and agility. Of the five, balance is the single most important, and refers to the structural and aesthetic blending of body parts. Balance is influenced almost entirely by skeletal structure.

Horses are to be shown in good working halter, rope, braided, nylon, or plain leather. No silver will be allowed on halters except for mandatory buckles only. Keepers on open buckles and tips are allowed.

No lip chains, splint boots, leg wraps, bandages, banded or braided manes, braided tails, tie-in tails and extensions.

No fresh hoof black or polish is allowed and will result in horse being disqualified.

RANCH TRAIL / W/T TRAIL / YOUTH TRAIL / YOUTH W/T TRAIL

This class will be judged on the performance of the horse over obstacles with the emphasis on manners, response to the rider and quality of movement. Credit will be given to horses negotiating the obstacles with style and some degree of speed, providing correctness is not sacrificed. Horses should receive credit for showing attentiveness to the obstacles and the capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider's cues on more difficult obstacles. Same rider and horse combination showing in Ranch Trail cannot show in W/T trail or Youth Trail in Youth W/T Trail. W/T Trail riders will perform an extended trot when pattern asks for a lope.

Horses shall be penalized for any unnecessary delay while approaching or negotiating obstacles. Horses with artificial appearance over obstacles should be penalized.

Horses must not be required to work on the rail. The course must be designed, however, to require each horse to show the three gaits (walk, jog, lope) somewhere between obstacles as part of its work, and the quality of movement and cadence should be considered as part of the maneuver score.

While on the line of travel between obstacles, the horse shall be balanced, carrying his head and neck in a relaxed, natural position. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving the appearance of resistance. Gaits between obstacles shall be at the discretion of the judge.

The judge should walk the course and has the right and duty to alter the course in any manner. The judge shall remove or change any obstacle he deems unsafe or nonnegotiable.

If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire course.

Scoring

Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and each obstacle is subject to a penalty that should be subtracted.

- 1) Each obstacle will be scored on the following basis, ranging from plus (+) 1 1/2 to minus (-) 1 1/2; -1 1/2 =Extremely Poor; -1=Very Poor; -1/2 =Poor; 0=Correct; + 1/2 =Good; +1=Very Good; +1 1/2 =Excellent.

RANCHMANSHIP / W/T RANCHMANSHIP / YOUTH

RANCHMANSHIP / YOUTH W/T RANCHMANSHIP

The purpose of this class is to bring forth the versatility in both the ranch horse and exhibitor, in the task of performing 1 of 4 designated patterns, constructed of both Ranch Trail obstacles and Ranch Reining maneuvers. Obstacles and maneuvers are to be judged to the standards written in Ranch Trail, Ranch Riding and Ranch Reining in each part of the patterns that pertain to these classes. Same rider and horse combination showing in Ranchmanship W/T/L cannot show in open W/T Ranchmanship.

- 1) Each horse will work individually performing one of the required patterns offered in the rulebook that is chosen prior to the show. Horses will be scored on a basis of 0-100, with 70 denoting an average performance.
- 2) There will be no time limit.
- 3) A simple or flying lead change should be executed precisely in the specified number of strides and/or at the designated location. A simple lead change is performed by breaking to a walk or trot for one to five strides (before break of gait of penalty applies). Flying lead changes should be simultaneous front and rear. All changes should be smooth and timely.
- 4) This class will also be judged on quality of movement on horse by standards written in the Ranch Riding portion of the OFQHA Rulebook. For specifics and details of credits, deductions, and penalties refer to class in question. The Ranch Reining portion will be scored in 1/2-point increments from -1 1/2 to 1 1/2 on the score sheets on the overall quality of the horse's movement. Judge will score on all gaits performed at the end of the pattern on overall average of each gait. Transitions should be performed where designated, with smoothness and responsiveness. Posting or standing in the stirrups at the extended trot is acceptable. Touching or holding the saddle horn is acceptable while standing in the stirrups at the extended trot.
- 5) Exhibitor will be judged on ability and decision making in the show pen. An exhibitor that puts their horse in the correct positions and making the horse's job easier should receive credit. Exhibitors will also be scored in 1/2-point increments from -1 1/2 to 1 1/2 at the end of the pattern for overall performance. No penalties will be given in the quality of movement section of the scoresheet or the ranch hand section of the scoresheet.
- 6) Walk Trot Riders will perform an extended trot when the pattern asks for a lope.
